

SHIBLI

PRESS RELEASE

SHIBLI WELCOMES REAR ADMIRAL ZAHID ILYAS DG JCB GAWADAR

Rear Admiral Zahid Ilyas DG Joint Cantonment Board Gawadar (DG JCB) at Joint Staff HQ (JSHQ) appreciated the technological infrastructure during his visit to the SHIBLI Factory on 31st January 2017. Rear Admiral along with Air Commodore Tariq Zaheer Director OPS JSHQ visited the SHIBLI Factory where they were presented about the company and SHIBLI's Flagship Product line namely; Tarsier Thermal Weapon Sight and SKUA Thermal Binocular. He said that there is a dire need of such equipment in modern warfare scenarios and that Pakistan Armed Forces including Navy highly appreciates the effort of SHIBLI to indigenously develop thermal weapon sight and thermal binocular with complete industrialization in Pakistan.

The guests were taken to SHIBLI's Observation Deck where they observed various targets from 100m to 100meter range. After a tour of SHIBLI's Class 10000 Clean Room and Quality Control Labs, the visit was concluded with a group photo.

-SHIBLI is the only private manufacturer of thermal imagers in Pakistan, where SHIBLI has its state of the art production facility. SHIBLI's design and development center is located in Dubai UAE.
